INSPIRED

FUNCTION

Cover: BARRA Brushed Nickel / BARRA Black / ANGOLO Bronze Brown
This page: TONDA White Silk Touch

Please note that the Modar® handle range, dimension data and specification may change without notice.

Introducing the Modar® Range by Lincoln Sentry. A superior selection of handles that integrate practical functionality with modern architectural design.

EXPRESS YOUR INDIVIDUAL STYLE IN ANY SPACE WITH OUR DESIGNER, EVERYDAY, TRADITIONAL AND PROFILE RANGES.

Engineered with meticulous attention to detail, the comprehensive selection offers unique choices for residential, commercial, retail and custom furniture applications. From modernising an existing room right through to a new build, Modar® has the solutions that will suit your space beautifully.

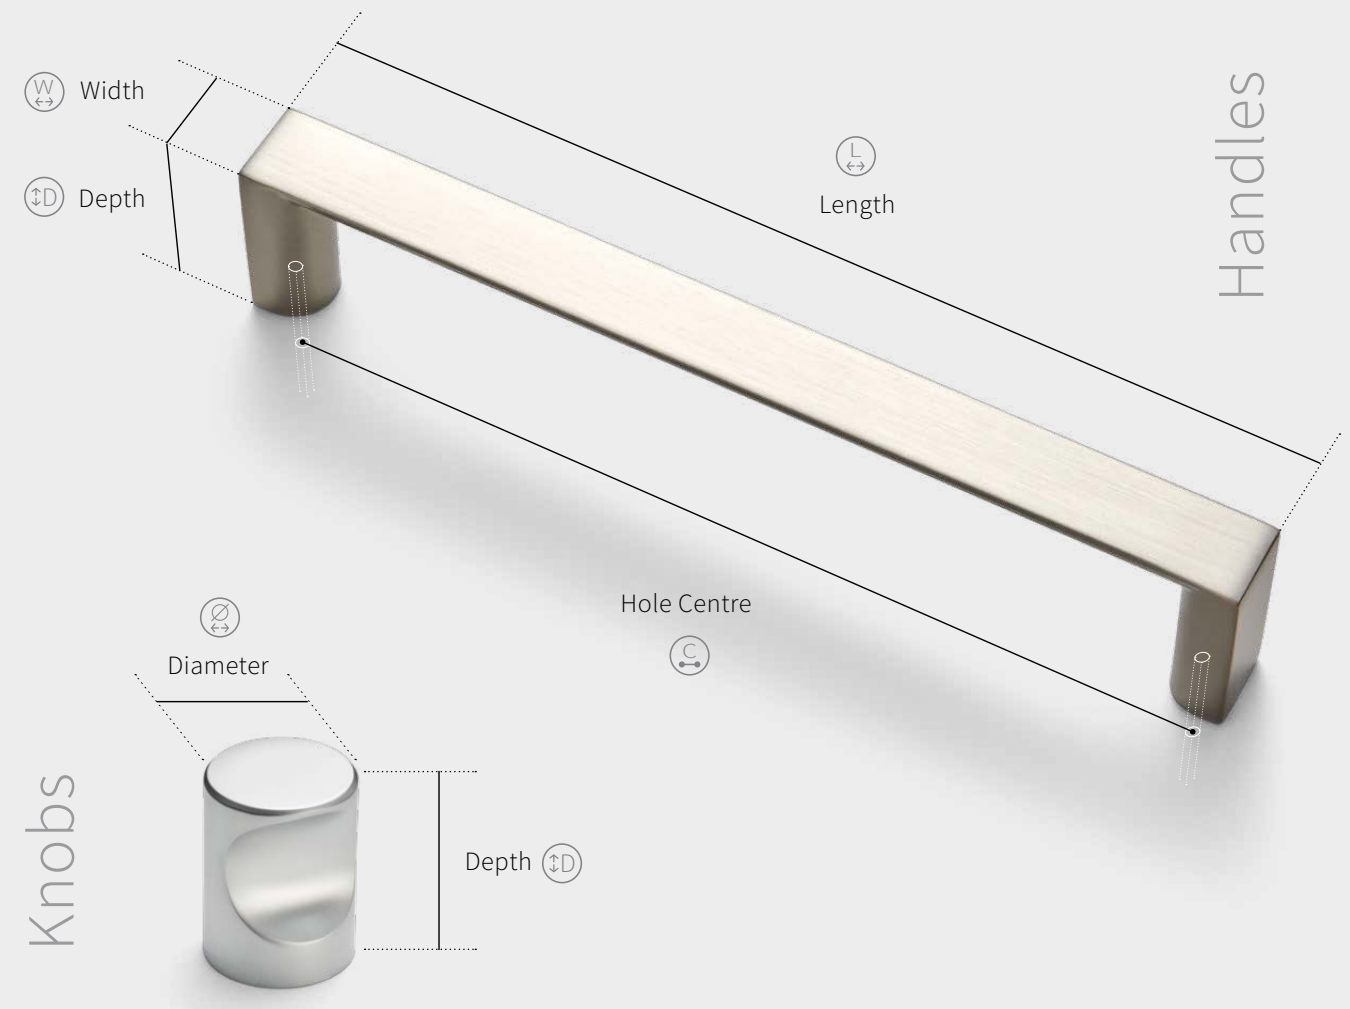

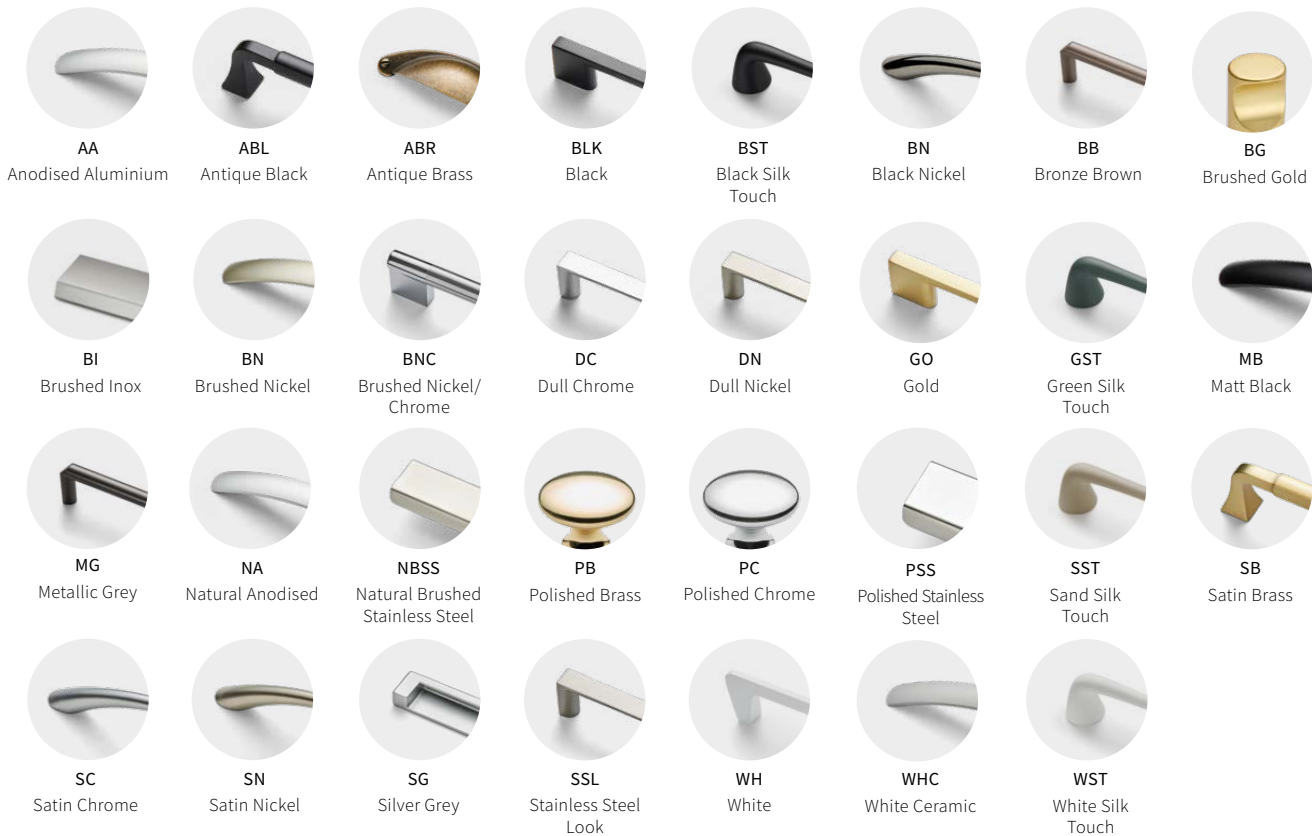

MORITZ Stainless Steel Look handle shown

Expertly designed to work in harmony with your defined space.

Offered in an array of dimensions and finishes, Modar® handles will complement your design and decor perfectly. Whether you're creating large open plan rooms or working within a confined area, pre-measuring your space will guide your handle selection and ensure optimal functionality. It's especially important to consider the overall length of your handles, and the distance between the hole centres.

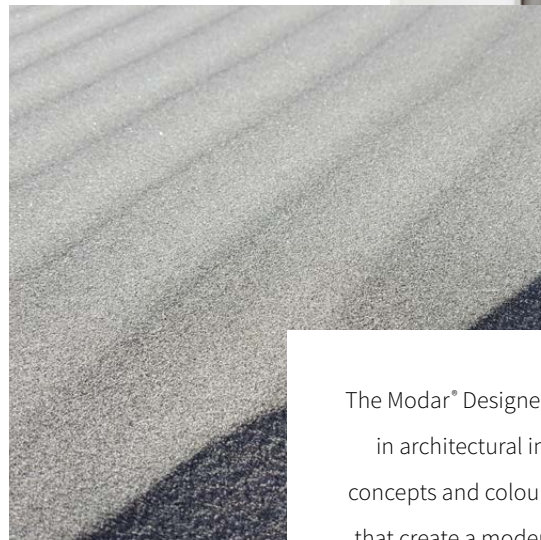

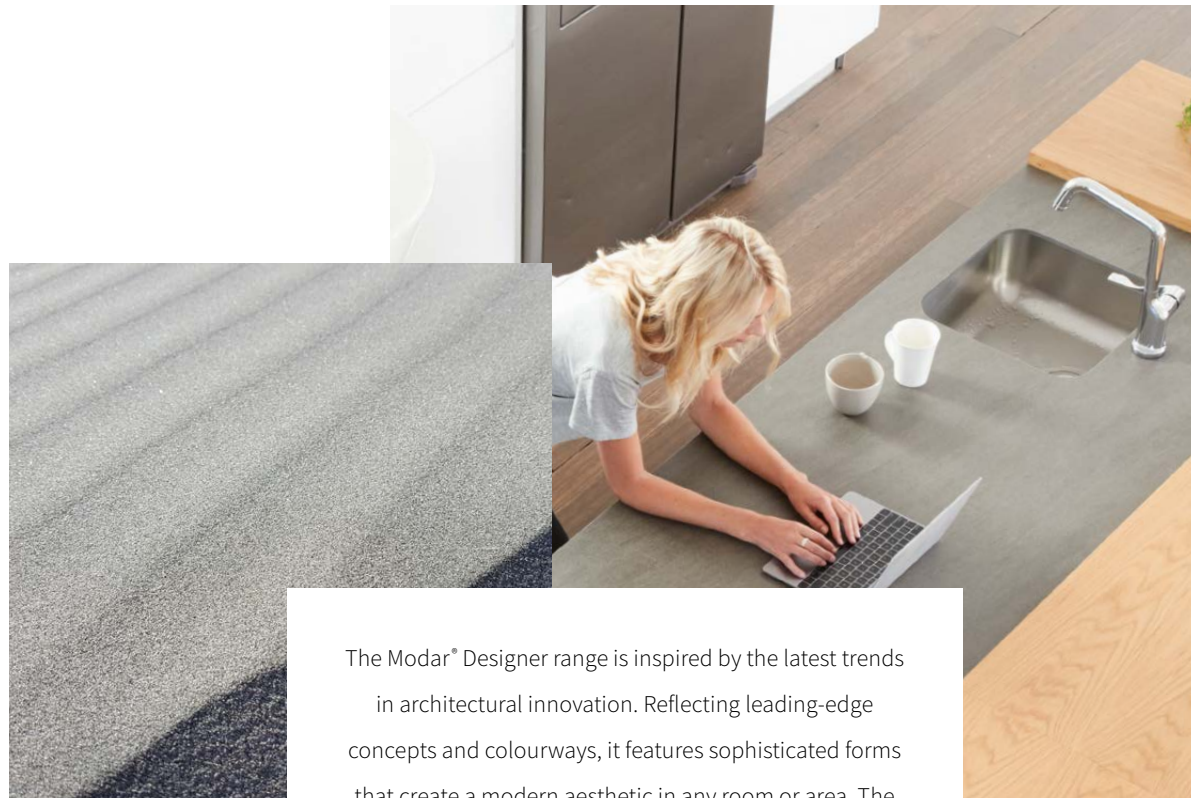

FINISHES GUIDE

HOLE CENTRE The distance between the two hole centres - this is used to determine the drill holes required to mount the handle to the door/drawer front.	LENGTH Overall length of the handle.	DEPTH Depth (or projection) that the handle/knob protrudes.	WIDTH Width/thickness of the handle.	FINISH Finish/colour available for this handle. Refer to the finishes guide for further explanation of the finishes available.	DIAMETER (Knobs) Overall diameter of the Knob.

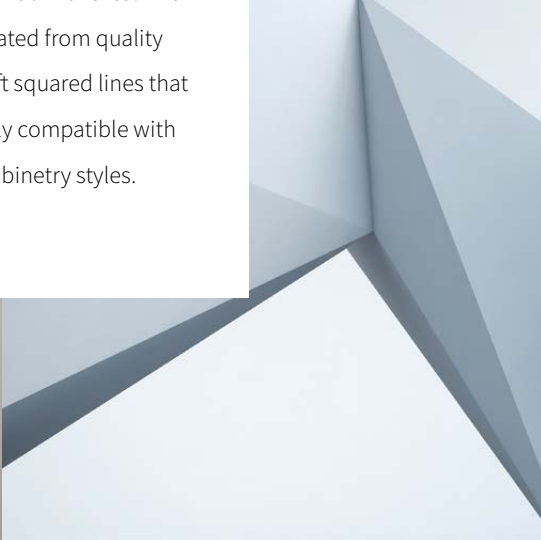

Designer

The Modar® Designer range is inspired by the latest trends in architectural innovation. Reflecting leading-edge concepts and colourways, it features sophisticated forms that create a modern aesthetic in any room or area. The entire Designer range has been curated from quality Italian manufacturers and features soft squared lines that are elegantly understated and equally compatible with traditional and contemporary cabinetry styles.

M

ANGOLO

A modern take on the traditional 'D' style handle.

Warranty and Care

Warranty

All handles carry a limited 1-year warranty from the date of purchase. The warranty only applies to the original purchaser of the handle and is non-transferable.

It does not cover the following:

- Corrosion or tarnishing caused by adverse atmospheric conditions;
- Corrosion or tarnishing due to incorrect care and maintenance contrary to the cleaning recommendations below;
- In the case of a warranty claim, Lincoln Sentry reserve the right to re-supply the handles only or refund the original purchaser if the handles are no longer available

Our goods come with guarantees that cannot be excluded under

the Australian Consumer Law. You are entitled to a replacement or a refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Cleaning

It is recommended that all handles and knobs be cleaned using warm soapy water and a soft cloth. For stainless steel handles we also recommend a stainless steel cleaner and a soft cloth. Failure to adhere with these recommendations could see the handle and knob warranty voided.

Please direct all warranty claims to Lincoln Sentry by phone or email.
